1. The state of

Art Unit:

The previous office action is hereby withdrawn. This error is regretted. The claims are rejected as per the following formal matters. Note, as developed previously in the file history, no rejection is made of the claims because of art.

Amendment A, filed March 7, 1996, is informal because it is not in compliance with 37 CFR 1.121(e) and 1.173 effective prior to December 1, 1997. The text of the added new claims must be underlined.

Amendment B, filed December 15,1997, is informal because it is not in compliance with 37CFR1.121(b). The amendment to the specification is not in compliance with 1.121(b)(1). The entire text of each paragraph to be amended is required. The amendment to the claims is not in compliance with 37CFR 1.121(b)(2)(i)(A). All added and deleted text from original patent claims 1 and 5 must be underlined or bracketed in the amended version.

Amendment C, filed December 29, 1997, is informal because it is not in compliance with 37 CFR 1.121(b)(2)(i)(C) effective as of December 1, 1997. The text of the added new claims is not underlined.

Written consent of assignee is improper under 37 CFR 3.73(b) because it identifies an incorrect frame no. The correct frame no. is 0448.

Application/Control Number: 08/558544

Art Unit:

The reissue declaration fails to state that the person signing has reviewed and understands the

contents of the specification, including the claims, as amended by any amendment specifically

referred to in the oath or declaration as required by 37 CFR 1.63(b)(2).

The reissue declaration fails to state that all errors being corrected up to the time of filing of the

declaration arose without any deceptive intention on the part of the applicant as required by 37

CFR 1.175(a)(2).

Applicant should request to transfer drawings from the parent case or supply formal drawings.

Any inquiry concerning this communication should be directed to W. Mintel at telephone number
